Welcome Message...

Dear Colleagues and Friends,

It is our prodigious pleasure to invite you to the 12th Pedia Dubai International Pediatrics Conference.

Over the two days of the conference, the organizing, scientific committees and our international and local distinguished speakers colleagues will make the Themes of 12th Pedia Dubai “Nurturing the Future: Holistic Approaches to Pediatric and Neonatal Care” a reality

This prestigious 12th Pedia Dubai will offer a comprehensive and stimulating series of plenary lectures, subject update and debate, meet-the-expert sessions, and educational workshops that will be new challenges in PDIC events. These sessions will provide the opportunity not only to renew and inspire your scientific knowledge, but also to actively discuss the controversies in the field of pediatric neurology, nephrology, emergencies, critical care, pulmonology, nutrition, and neonatology

The conference invites Physicians, dieticians, Nutritional Specialists, registered nurses, nurse practitioners, nurse midwives, physician assistants, educators, pharmacists, and other healthcare professionals interested in the nutritional requirements of preterm infants and pediatric patients. We aim to provide plenty of opportunities to interact and network with each other.

The selection of this event time on 09th,10th May 2024 Dubai, UAE Join both the wonderful Summer weather and the amazing place for shopping and traveling.

We cordially welcome you to Dubai, pearl of the gulf and beautiful city of the UAE, and we are sure you will have fruitful and memorable experience in science and tourism.

Dr. Sherif Mosaad
President of the Conference

About Dubai

Dubai is the most populous city an emirate in the United Arab Emirates and the second largest emirate by territorial size after the capital, Abu Dhabi. Dubai is located on the southeast coastal of the Arabian Gulf and is one of the seven emirates that make up the country Abu Dhabi and Dubai are the only two emirates to have veto power over critical matters of national importance in the country's legislature. The city of Dubai is located on the emirate's northern coastalline and heads up the Dubai, Sharjah, Ajman Metropolitan area.

Dubai has emerged as a global city and business hub of the Persian Gulf region. It is also a major transport hub for passengers and cargo. By the 1960s Dubai economy was based on revenues from trade and to a smaller extent, oil exploration concessions, but oil was not discovered until 1966. Oil revenue first started to flow in 1969. Dubai's oil revenue helped accelerate the early development of this city, but its reserves are limited and production levels are low today, less than 5% of the emirate's renewed comes from oil.

The emirates's western-style model of business drives its economy with the main revenues now coming from tourism, aviation, real estate, and financial service. Dubai has recently attracted world attention through many innovative large construction projects and sports events. The city has become symbolic for its skyscrapers and high-rise buildings, in particular the world's tallest building, the Burj Khalifa.

Conference Board

Dr. Abdullah Al Khayat
Honorary President of the Conference

Senior Consultant Pediatric Cardiologist
CEO of Al Jalila Children's
And Speciality Hospital, Dubai.

Dr. Sherif Mosaad
President of the Conference

(MD)
Consultant Pediatrician and Neonatologist at
Zulekha Hospital, Dubai, UAE
Adjunct Clinical Assistant Professor
of General Pediatrics College of
Medicine University of Sharjah.

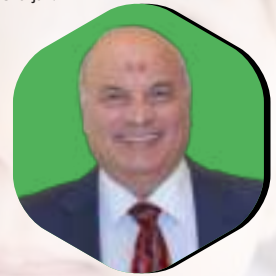

Dr. Yasser Al Nuaimi
Head of Organizing Committee

Vice Chairman RAKMHSU Board.

Dr. Nashwa Bahaa Eldin
General Secretary of the Conference

Consultant of Pediatric Endocrinologist
Cairo University, Egypt
Head of Pediatric department,
Burjeel Hospital Abu Dhabi

Prof. Ashraf Abdel Baky
Head of Scientific Committee

Prof of Pediatric Allergy, Immunology
& Rheumatology, Ain Shams
University, Cairo, Egypt
Chair of Egyptian Pediatric Clinical Practice
Guidelines Committee.

Dr. Abeer Al Khalafawi
International Coordinator

Senior Consultant Pediatrician,
MEDCARE Hospitals & Medical Centres,
Dubai, UAE.
